

The following guide will show you how to:

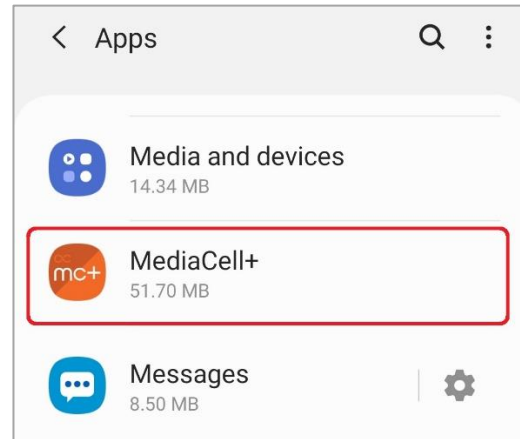

- **Step 1** - Uninstall the MediaCell+ Application
- **Step 2** - Remove the MediaCell+ VPN

Note: Settings menu's may vary depending on device model being used.

Step 1 – Uninstall MediaCell+ Application

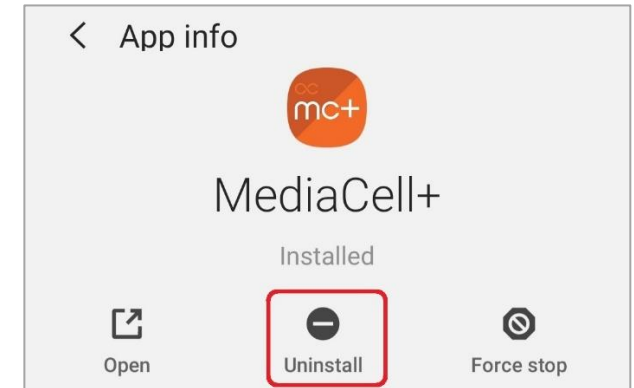

Open the **'Settings'** App on your phone.

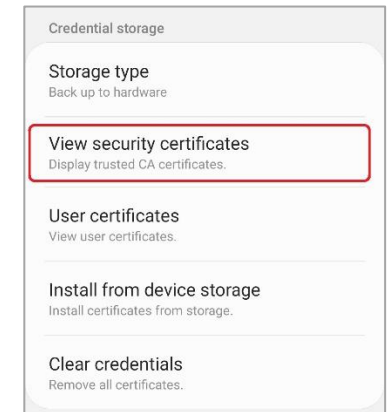

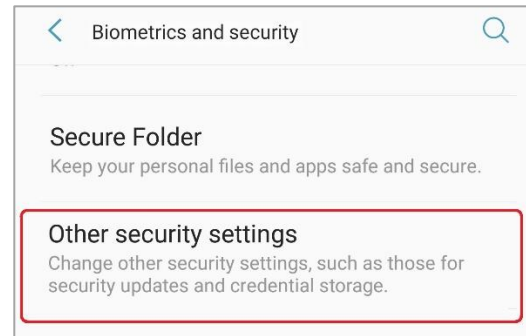

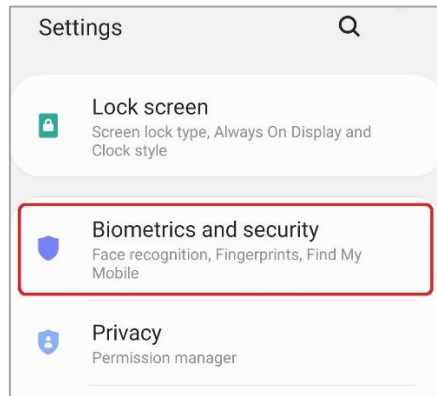

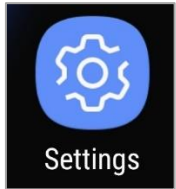

Open **'Apps'** or **'Applications'**

Locate and tap **'MediaCell+'**

Tap **'Uninstall'** to remove the MediaCell+ Application.

Step 2 – Removing the MediaCell+ VPN

Open your 'Settings' App

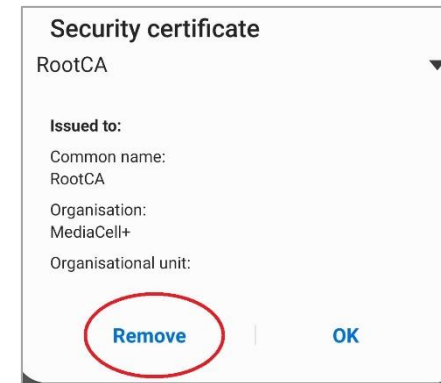

Open 'Lock Screen and Security' / 'Security' / 'Biometrics and security'

Tap 'Other security settings'

Tap 'View Security Certificates' / 'Trusted Credentials'

Note: Icon may vary depending on device model

Note: This may not be necessary on some device models

- 1 - Tap the 'User' tab
- 2 - Tap all 'MediaCell+' and or 'RealityMineVPN'

Tap 'Remove' to remove the certificate

The MediaCell+ App and VPN is now removed from your Android smartphone and will now longer be collecting or sending any data.
