

This uninstallation guide has been prepared using **Windows 10**.

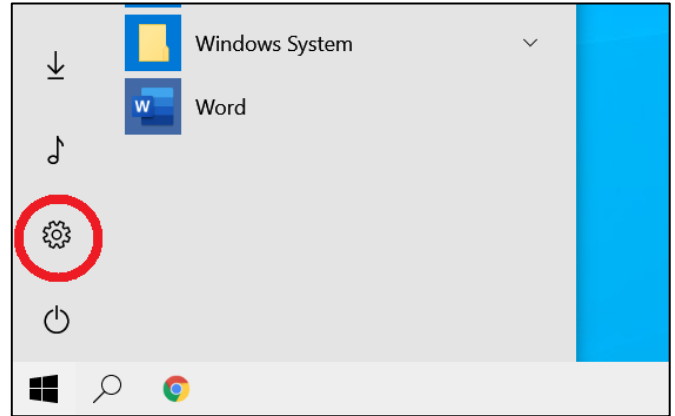

These may vary depending on the Windows version being operated on your Laptop or PC

Step 1

- Click the “**Start**” button (bottom left of screen)

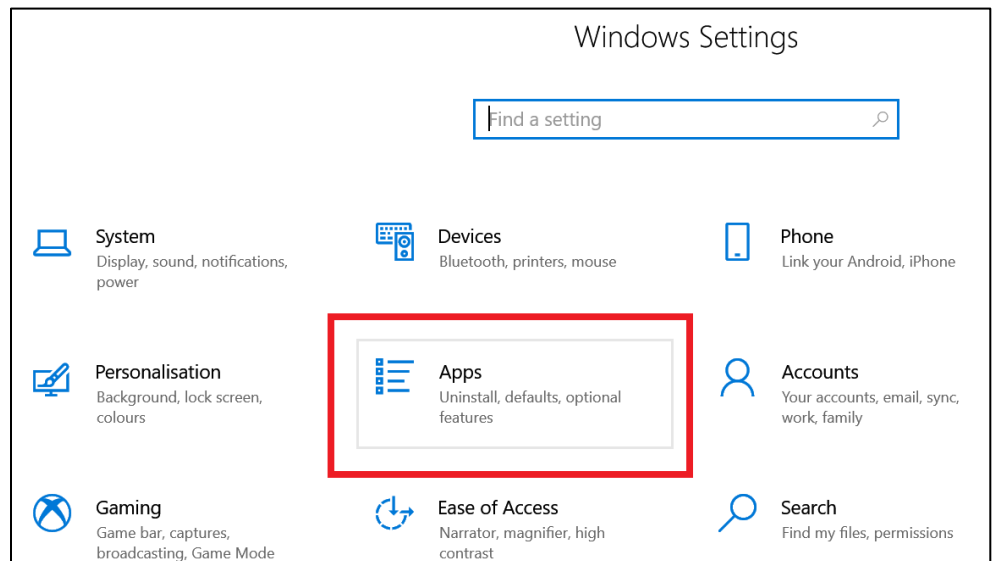

- Click “**Settings**” (Wheel cog icon) or “**Control Panel**”

Step 2

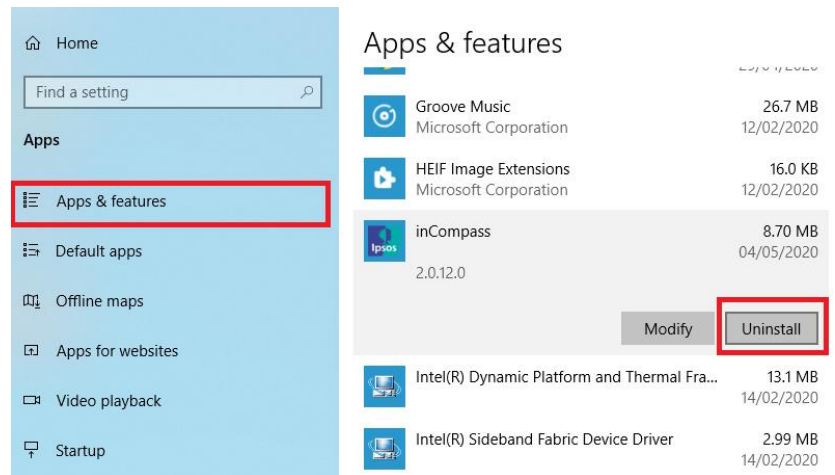

- Click “**Apps**” or “**Programs and Features**”

Step 3

- Click “**Apps & Features**” on the left menu.
- Find and click on “inCompass” in your list of installed applications.
- Click “**Uninstall**”

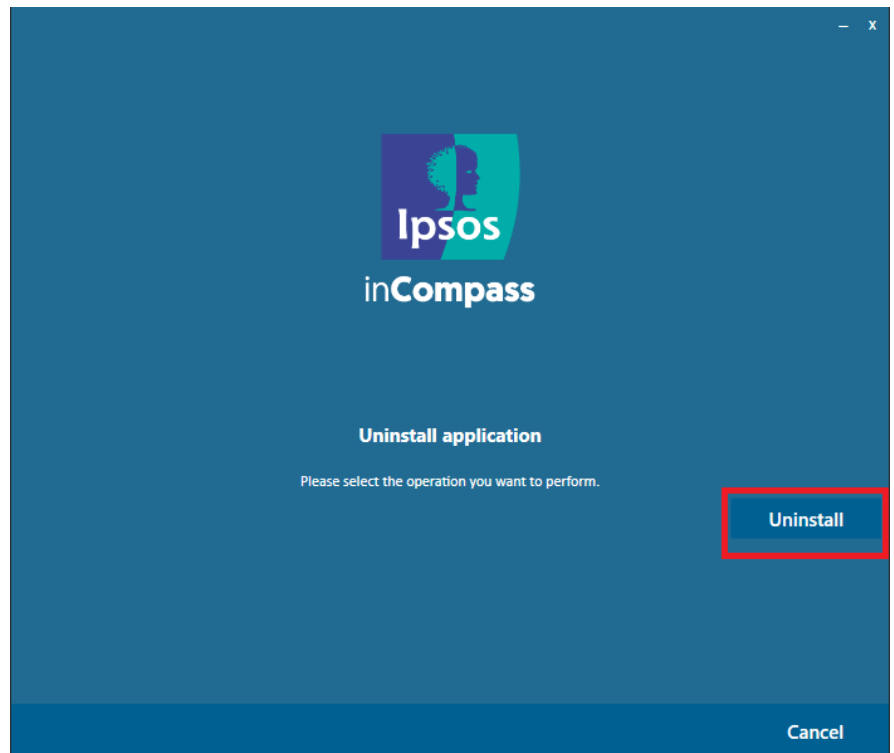

Our uninstaller application will launch (please allow up to minute for this to appear)

Step 4

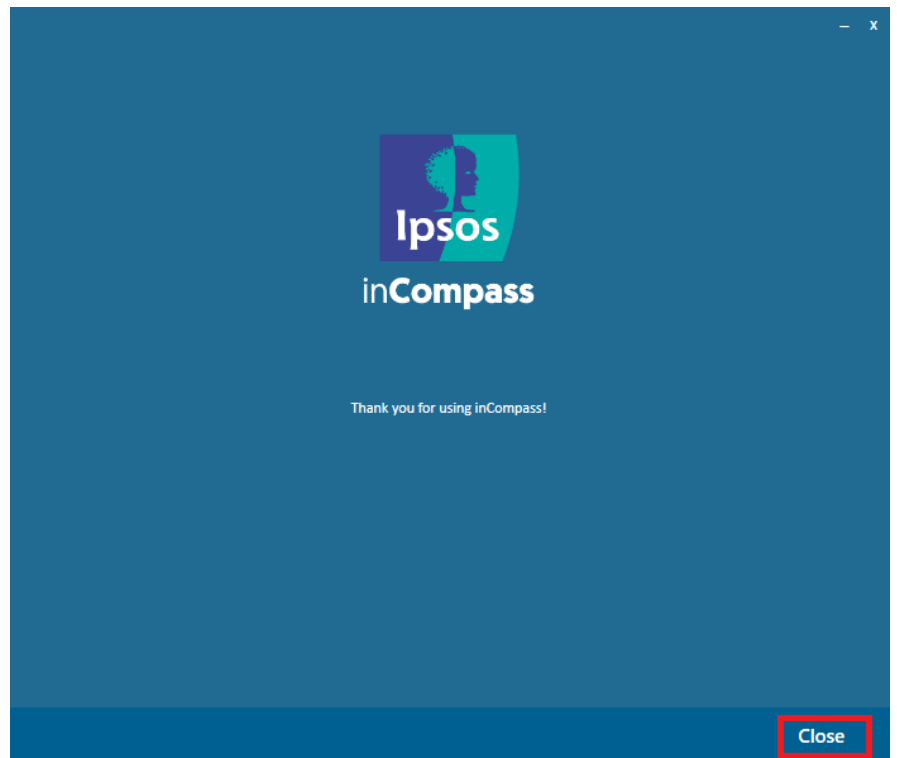

- When the inCompass uninstaller opens, please click “**Uninstall**”

Note: Please wait patiently, this process can take up to a few minutes.

Step 5

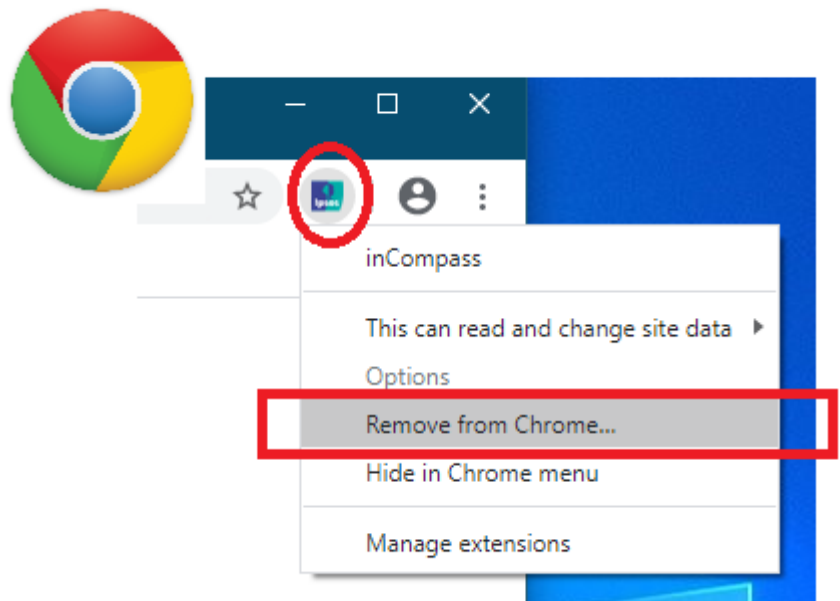

- Once the uninstall is complete, click on “**Close**”

Please make sure to remove the extension on your browser using the method below for:
Google Chrome and Mozilla Firefox

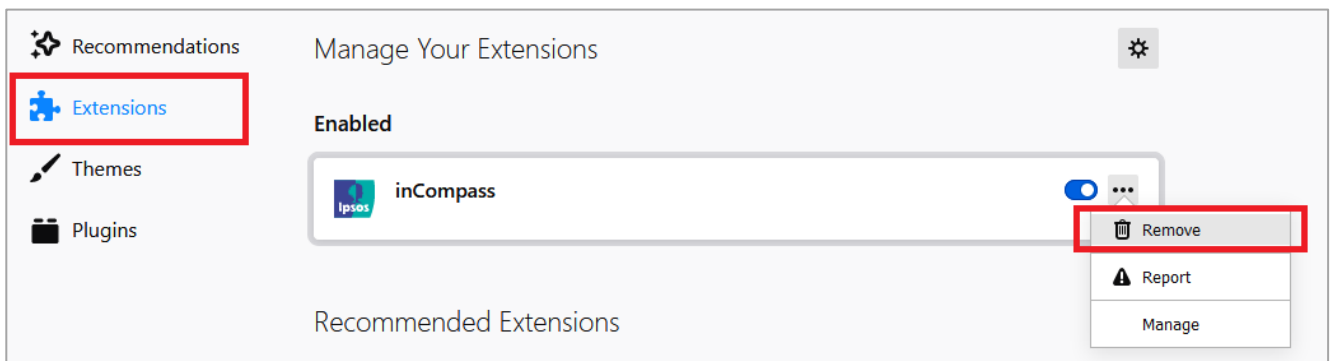

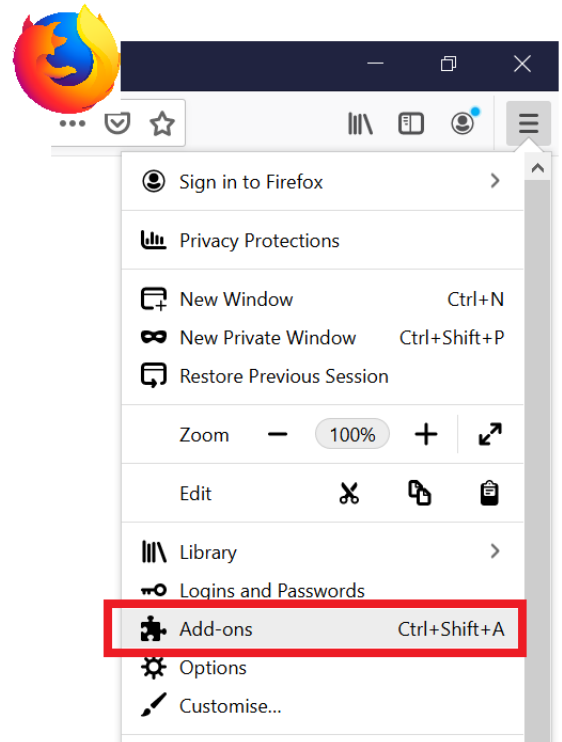

For Google Chrome

- Open Google Chrome
- Right click on the “**inCompass**” extension icon (on the right of the address bar)
- Click “**Remove from Chrome**”

For Mozilla Firefox

- Click the **MENU** button (right of the address bar) 
- Click "**Add-ons**"
- On the side menu, click "**Extensions**"
- For "**inCompass**" click the options button 
- Finally click "**Remove**"

The inCompass App has now been removed.

No further data will be collected and/or sent to us from your device.
